

Memorandum

Date: November 29, 2016

To: Mayor Tomlinson
Council Members

From: Tiny B. Washington, MMC
Clerk of Council

Sub: Airport Commission

On the October 25, 2016 Council Agenda, I sent my normal board appointment memo to Council advising of the upcoming board vacancy on the Airport Commission. On November 8, 2016 the Airport Commission was listed on my agenda under board appointments and I advised that Mr. Chris Badcock was interested in serving another term of office.

At the next Council meeting, Mr. Badcock was nominated by Councilor Henderson, and then on November 15th we had him listed and he was confirmed for another term of office. I erred in asking for confirmation of Mr. Badcock due to us not having received the other nominees from the Airport Commission.

We have now received the other two nominees from the Commission and have it listed on my agenda for the upcoming Meeting, in which Council can make a selection as to who they would like to select for Mr. Badcock's seat.

As I stated, when I submitted the first notice of the appointment, Mr. Badcock would like to continue serving on the board.

Please advise if there are any questions in this regard.
